Scholarship Application Instructions

This page is not a part of the application and need not be submitted.

The application and transcript **MUST** be postmarked during the application filing window of October 1 to February 1. There are no exceptions. All applications or transcripts postmarked prior to October 1 or after February 1 will be disqualified.

Scholarships are awarded for the academic year that will begin no earlier than May 15 following the application deadline.

A signed original application and paper copies of all transcripts are required. E-mail submissions will not be accepted.

Do not apply for scholarships for which you are not eligible.

Transcripts must cover your entire high school career to date and, if in college, must include all semesters for which grades have been awarded. If you are applying for graduate school assistance, high school transcripts are not necessary.

Letters of reference are not required, but can be attached by applicant (no more than three).

Introductory letters from applicants can be attached, but are not required.

If the space provided for your responses is not large enough, you may write "see attached" on the application and include an enclosure or resume. Be sure the enclosure or resume is clearly marked as to the question each portion applies and includes your full name.

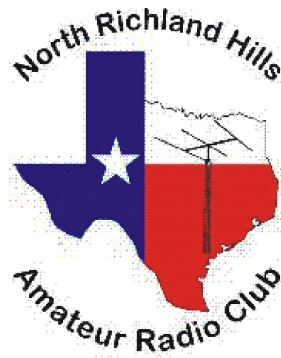

Use only one side of the application form. Please do not write on the reverse side. Attach additional sheets as necessary.

The narrative responses to questions 6 (the role of amateur radio) and 7 (why you made these choices) must not exceed one page each.

One of the questions 12 and 13 must have a complete response.

Ranges are acceptable for funding source percentages.

Please ensure each entry can be fully understood and appreciated by the members of the NRHARC. For example, indicating membership in Venture Crew 73 does not completely explain the nature of the honor. It would be better to indicate that one was a member of the Boy Scout Venture Crew which maintains and operates Boy Scouts Headquarters Station K2BSA.
